63 BRITISH SCHOOL AT ATHENS STUDENTSHIP. The following awards have been made since the University became an annual contributor to the School. The first three holders are not in exactly the same series as the others; but the conditions of award would appear to be sufficiently similar to warrant their inclusion in the list.

- 1886 Ernest Arthur Gardner, B.A., Caius.
- 1889 William Loring, B.A., King's.
- 1890 Edward Ernest Sikes, B.A., St John's.
- 1892 Edward Frederic Benson, B.A., King's.
- 1893 Arthur George Bather, B.A., King's.
- 1895 *No award announced.*
- 1897 *No award announced.*
- 1898 Clement Gutch, B.A., King's.
- 1899 Solomon Charles Kaines Smith, B.A., Magdalene.
- 1901 Frederick William Hasluck, B.A., King's.
- 1903 Richard McGillivray Dawkins, Emmanuel.
- 1905 Henry Julius Wetenhall Tillyard, B.A., Caius.
- 1907 John Percival Droop, B.A., Trinity.
- 1909 Sidney William Grose, B.A., Christ's.
- 1911 Margaret Masson Hardie, Newnham.
- 1913 Max Ludwig Wolfram Laistner, B.A., Jesus.
- 1920 Frank Laurence Lucas, B.A., Trinity.
- 1921 Walter Abel Heurtley, B.A., Caius.
- 1922 Bertrand Leslie Hallward, King's.
- 1924 William Linsdell Cuttle, B.A., Emmanuel.
- 1926 *Not awarded.*

Changes in the University, 1921-1930

STATE AID AND THE COMMISSION

AN epoch in the University's history is 14 March 1914, when the Senate decided by a narrow majority that the University for the first time should make formal application for a subsidy from public funds. It was the straits of the Medical Departments that led to this decision; and 'the Medical Grant' from the Board of Education, at first at the rate of £5873 a year and later of £8500, gave welcome relief to the financial distress of the University in the great war that had broken out before the first instalment of the grant was received.

A few days before the Armistice the President of the Board of Education invited a statement of the University's needs in order 'that the Government should obtain a conspectus of the needs of Higher Education over the whole country'; and on 31 May 1919 the Senate authorized the Vice-Chancellor to reply that the University would welcome an enquiry into its resources, and to draw the attention of the Government to the pressing need of an emergency grant. The response was a special grant of £30,000 from the Treasury; and on 14 November 1919 a Royal Commission on Oxford and Cambridge Universities was set up. Pending the Commission's Report, the Senate on 14 February 1920 empowered the Vice-Chancellor to apply to the Government for an Interim Grant for the year 1920-21; and again the response was a grant of £30,000.

Thus at the opening of the decade covered by this book the University was drawing from the State a substantial income for its general purposes, and a Royal Commission on Oxford and Cambridge was at work. The Commission reported early in 1922, and in May of that year the Council of the Senate informed the President of the Board of Education that they would welcome the immediate appointment of a Statutory Commission for Cambridge. Such a Commission was appointed (and a separate one for Oxford) by the Universities of Oxford and Cambridge Act, 1923.

The financial side of the story may be concluded here. The Royal Commission recommended that the State should make an annual grant to Cambridge (as to Oxford) of £90,000 for general

purposes, £10,000 for the Library, £6000 for the Extra-mural Board¹; a grant of £4000 a year for ten years to the Women's Colleges; and a single grant for 'pension arrears'². £35,000 for this last purpose, and the first £4000 for the Women's Colleges, were received in 1923-24. The grant for general purposes (including the Medical Grant) was in 1923-24 £64,500, in 1924-25 £77,000, and in each of the next five years £89,500. For 1930-31 it is to be increased to £103,500.

GROWTH OF THE UNIVERSITY AND OF THE SENATE

While the Statutory Commissioners were at work the University itself, with their approval, made in 1924 a Statute which is reflected in the Commissioners' Statutes made in 1926: With certain exceptions, no one shall be matriculated unless he is qualified by having passed or been exempted from an examination prescribed by Ordinance. The Previous Examination has been so prescribed, and is now the University's usual test of would-be freshmen who are not exempt from it by certificates won at school or elsewhere. In other days this test might have diminished the numbers of freshmen; but applications for admission have continued superabundant ever since the War.

Not only are more men entering the University than ever before, but more are remaining members after 'going down.' This is the fruit of a change made in the term before the War. By Grace 7 of 22 May 1914, for men matriculated after the Lent Term of 1915 the Capitation Tax of residents was increased, but that of non-resident graduates was abolished, and the University fees for the degrees of B.A. and M.A., LL.B. and LL.M., were much reduced. Since corresponding changes were made by almost all the Colleges, a man who now 'goes down' with a degree retains his membership of the University and (in most cases) of his College without charge, and is far more likely than of yore to proceed to a degree qualifying for membership of the Senate. This change, and the large entries since the War, have had effects which may be gauged by these comparisons: The Alphabetical List of Members of the University takes 164 pages in the *Calendar* of 1914-15, but 292 pages in that of 1930-31; the Register of the Senate had 142 pages of names in 1914, and no more than 135 in 1918, but 210 in 1929. On 6 November 1930 the Senate consisted of 11,273 men.

THE NEW STATUTES

The main body of the Commissioners' Statutes for the University was approved by the King in Council on 1 June 1926 and came into effect on 1 October 1926; further Statutes were so approved in 1927 and 1928¹. To these Statutes the Ordinances needed to be adjusted. On some matters the Commissioners made regulations which were to have the force of Ordinances while the Commission lasted, and have since been adopted, with or without amendment, as Ordinances; and the whole body of Ordinances was thoroughly purged and recast, chiefly in 1926-27, by the ordinary processes of Report and Grace.

Subject to certain conditions, the SENATE² as of old consists of those Doctors and Masters, and Bachelors of Divinity, who continue members of the University. To the Senate are reserved certain elections, and certain classes of Grace: but on most questions of University business, including such as are most likely to divide opinion, the Senate has now no voice except on an appeal from the Regent House. By the end of 1930 no such appeal had yet been made.

The REGENT HOUSE³, to which most Graces are now submitted, consists in the main of such members of the Senate as are either University officers, or Heads or Fellows of Colleges, or members or officers of Faculties, Boards, or Syndicates. With few exceptions therefore the members are resident. The Roll of the Regent House published on 6 November 1930 contained 648 names.

The New Statutes did away with the ELECTORAL ROLL³, and the constituency that now elects to the Council of the Senate is the Regent House.

In the constitution and duties of the COUNCIL OF THE SENATE⁴ no change of great note was made; but the work of individual members is increased by the requirement that four members of the Council shall serve on the General Board, and four on the Financial Board, for the sake of better coördination of the three bodies.

Apart from the change just mentioned, whereby the Council, not the General Board, appoints some of its members to be members of the Financial Board also, the composition and functions of the FINANCIAL BOARD⁵ are much as they were.

The General Board of Studies⁵ has been superseded by the GENERAL BOARD OF THE FACULTIES; the short title 'General Board,' authorized by the New Statutes, serves as a convenient link. The old General Board consisted largely of direct repre-

sentatives of the Special Boards: the new General Board consists of the Vice-Chancellor (or his deputy), the four nominees of the Council, and eight members elected by the Faculty Boards, two by those of each Group. The functions of the General Board are not much changed in form; but in fact, though they no longer include any part in the award of doctorates, they are far more important than before, because of the larger and ever larger number of University teaching officers, and because the General Board has the chief voice in deciding year by year to what extent the several Faculties, Departments, and other institutions assigned to its control shall have their revenue from endowments and from tuition-fees supplemented from the Chest.

The New Statutes substituted the Vice-Chancellor for the Chancellor in connexion with the *SEX VIRI*¹ and the *COURT OF DISCIPLINE*¹. The former of these two courts is now a court of first instance² as of old, with the new power of removing a Proctor from office by the votes of a majority of all its members; but it is also a court of appeal from any other body's decision depriving a University officer of his office. The jurisdiction of the Chancellor or the Commissary in 'all causes and contentions which belong to the cognizance of the University'³ has ceased.

To the normal Boards of *ELECTORS TO PROFESSORSHIPS*⁴ were added, under Statutes approved in 1921, Boards of Electors to the *Regius* Professorships of Divinity, Hebrew, and Greek. Under the New Statutes membership of such Boards for eight years is being superseded by membership for four; and normal Boards have been established for the Lady Margaret's, Lucasian, Lown-dean, Disney, Sadleirian, and Whewell Professorships. The Boards for all Professorships founded since 1920 are of the normal kind, as is also the Board which will some day elect the second Norris-Hulse Professor⁵. Since the new Statutes of Downing College give to future Downing Professors no rights in the College, the Master of Downing is no longer an additional Elector to the two Downing Professorships.

In the *SYNDICATES* and *BOARDS* whose composition and functions are left by the Statutes to be determined by Ordinance, changes have occurred since the date of the *Historical Register*; but all that need be mentioned here is the creation of two important Boards, the *BOARD OF RESEARCH STUDIES* in 1920, and the *BOARD OF EXTRA-MURAL STUDIES* in 1924. The latter is charged with the work that used to be called 'University Extension,' an activity of the University which received special notice from the Royal Commission and a special grant from the Treasury⁶.

The New Statutes gave a corporate unity to the University and College teachers in each of the chief branches of study by instituting twenty FACULTIES¹ (arranged in four Groups for the purpose of electing members of the General Board).

The members of each Faculty are (i) those persons, giving instruction in a subject falling within the scope of a Faculty, who belong to any of the following classes : Professors ; Readers ; University Lecturers, University Demonstrators, and probationary Faculty lecturers² ; Heads and Fellows of Colleges (including Girton and Newnham Colleges) who are giving lectures or other instruction recognized by the Board of the Faculty, or occupy the position of Director of Studies in a College ; (ii) any other persons who may be appointed by the Faculty Board to be members of the Faculty until the end of either the current or the ensuing calendar year.

There is an annual meeting of each Faculty for the election of a member or members of the Faculty Board. At this or at any meeting of the Faculty any matter connected with the work of the Faculty may be discussed ; but no resolution of the Faculty is binding on the Faculty Board.

The New Statutes divided some of the Faculties into DEPARTMENTS³, and the University may constitute new Departments or suppress any Department. The HEADS OF DEPARTMENTS are determined by Ordinance ; in all but two instances the Headship is attached to a Professorship or a Readership.

Under the Statutes, three Faculties form the SCHOOL OF THE PHYSICAL SCIENCES, and two form the SCHOOL OF THE BIOLOGICAL SCIENCES, for the purposes of COUNCILS OF THE SCHOOLS ; and the University may place other Faculties in either of the Schools, or institute other Schools³. Under Ordinance, the Council of a School consists of members appointed, one each year, by the Board of each Faculty represented, and by the General Board, to serve for four years ; with the proviso that at least one member of each Council shall be a member of the General Board. Each of these Councils may consult with the Boards of the Faculties represented, has the same powers of reporting to the University as a Faculty Board, and appoints a member of the Appointments Committee⁴ of each Faculty represented.

With the institution of the Faculties came the supersession of Special Boards of Studies⁵ by FACULTY BOARDS. The Board of a Faculty comprises (a) the Professors who are primarily assigned to the Faculty, (b) the Readers who are Heads of Departments in the Faculty, (c) certain members elected by the Faculty, and (d) certain members nominated by the Council of the Senate and

⁵ *H. R.* 10.

appointed by Grace; and may comprise also (e) co-opted members, and (f) representatives of cognate studies and holders of specified posts. The Faculty Boards have functions like those of the Special Boards, but more important in practice inasmuch as each Faculty has an income, whether from endowments or from tuition-fees or from the Chest, and the Faculty Board has a voice in the disposal of this income, the fixing of lecture-fees, and the like, and can moreover appoint PROBATIONARY FACULTY LECTURERS, though their stipends must be approved by the General Board.

Each Faculty has also an APPOINTMENTS COMMITTEE consisting of (a) the Vice-Chancellor (or his deputy) as Chairman; (b) (i) when the Faculty is not organized in Departments, the Chairman of the Faculty Board; (ii) when the Faculty is organized in Departments, the Head of the Department in which the appointment is to be made; (c) three members of the Faculty Board appointed by the Faculty Board; (d) two persons appointed by the General Board; (e) if the Faculty belongs to a School, a member appointed by the Council of that School. This Committee appoints University Lecturers and University Demonstrators in the Faculty; and 'the appointment to a Readership shall be made either by a Faculty Appointments Committee or by such other body as the University may constitute from time to time for the purpose.'

If a Faculty Board has not more than fourteen members, it can be, so long as it wishes, the DEGREE COMMITTEE of the Faculty; otherwise the Committee consists of (i) the members of the Board in classes (a) and (b) and the Chairman, (ii) Professors who are *ex-officio* members of the Board, (iii) members appointed by and from the Board, with or without (iv) co-opted members; the whole number of members, other than members under (ii), being neither less than ten nor more than fourteen. A Degree Committee deals with all questions, pertinent to its Faculty, concerning admission of Research Students and applications for the 'Research Degrees' and all Doctorates. The Committee's negative decisions in these matters are final; its affirmative decisions need to be endorsed by the Board of Research Studies¹. One such Committee, however, that of the Faculty of Medicine, is concerned with Research Students only, for it has no functions with regard to the Sc.D. Degree, and applications for the M.D. are decided (without reference to the Board of Research Studies) by the Regius Professor of Physic, his Assessor for the year, and three members appointed annually by and from the Faculty Board.

Faculty Boards have superseded also some BOARDS OF STUDIES² which were not 'Special' Boards, and the only such Boards that survive (besides those of Research Studies and Extra-mural

Studies) are those of Agricultural Studies, Indian Civil Service Studies, and Military Studies.

The Royal Commission had recommended a large transference of formal teaching from College to University officers, and the Statutory Commission accordingly enjoined the appointment of many new UNIVERSITY LECTURERS¹ and UNIVERSITY DEMONSTRATORS² from among College lecturers, including those of Girton and Newnham Colleges. The appointments were made by an Initial Appointments Committee set up by Grace 48 of 11 December 1925, and 183 University Lecturers (including 11 women) and 17 University Demonstrators came into office under the New Statutes on 1 October 1926.

For the work that they do for the University these teachers are paid by the University, and the wherewithal is largely provided by University lecture-fees, usually in the form of a composition fee ranging from £3 to £16. 16s. a term according to the Faculty, the student's standing, or the examination that he has in view. The College stipends of such of these teachers as are also College teachers have been correspondingly diminished, and College Tuition Fees of undergraduates have been reduced.

Apart from the promotion of many College teachers to the status of University officers, the New Statutes did not much change the relations between the University and the Colleges. As before, each College must have among its Fellows a certain number of PROFESSORIAL FELLOWS (for which purpose the Registrary, the Librarian, the Treasurer, and the Director of the Fitzwilliam Museum rank with Professors) or pay to the Chest a sum (now £250 a year) for each default; but the total of the Colleges' quotas of Professorial Fellowships has been about doubled. Subject to a smaller fine, each College must also have some RESERVED FELLOWSHIPS for University teaching officers not competent to hold Professorial Fellowships, probationary Faculty lecturers (under certain conditions), and holders of other posts approved for this purpose by Statute or Ordinance. (The post of First Assistant Registrary has by Ordinance been so approved.) College revenues continue to be taxed for University purposes, but the mode of assessment has been changed in many details, and the tax is now graduated.

The details of the changes made by the Commissioners' Statutes in the internal economy of the Colleges do not fall within the scope of the series to which this book belongs. Suffice it to mention these new requirements, which are common to the Statutes of all the Colleges:

Age-limits for tenure of College office—seventy years, with the possibility of prolongation to seventy-five, for the Headship;

¹ *H. R.*, 117-130, *S. I.* 11-16.

² *H. R.*, 135-143, *S. I.* 19-22.

sixty-five, or sixty with the possibility of prolongation to sixty-five, for other offices.

A shorter tenure of such Fellowships as are held by young graduates without any College or University office, and the requirement (under certain conditions) that no dividend shall attach to them unless the holders are engaged in research.

Apportionment of the money value of College Scholarships and Exhibitions, in general, to the financial circumstances of the holders, and limitation of the amount that may be paid without regard thereto.

The requirement that no College shall have as a resident member *in statu pupillari* anyone who is neither matriculated nor qualified for matriculation according to the requirements now imposed by the University¹.

A uniform system for College accounts.

The New Statutes make no provision either for Private or for Public Hostels², and the only Public Hostel that existed in 1926 is now styled an APPROVED FOUNDATION, a term defined as 'any incorporated institution having a Head and Governing Body and maintained within the precincts of the University for the reception of students.' Selwyn College is recognized by the Statutes as an Approved Foundation, and the University has power to recognize others. With certain exceptions, the provisions of the Statutes that affect all Colleges apply also to an Approved Foundation.

The position of the NON-COLLEGIATE STUDENTS² is unchanged, but their Censor is now included among the University Administrative Officers³.

Of GIRTON COLLEGE and NEWNHAM COLLEGE, as Colleges, the *Historical Register* says only that their members are eligible for two Studentships; but women's names are appended to Tripos lists in the *Historical Register*, the first *Supplement*, and the current *Calendar*, and are indexed in *Index to Tripos Lists 1748-1910* and in the first *Supplement*. Towards the end of the War the question of admitting women to degrees, which had come to a vote in 1897, was again mooted, and after a long controversy the Senate on 20 October 1921 adopted a compromise, to which effect was given by a Statute approved by the King in Council on 25 May 1922. This Statute empowered the University 'to confer by diploma Titles of Degrees in any faculty upon Students of a recognized institution for the higher education of women'; to recognize such institutions for this purpose; to determine the conditions under which their students should be admitted to Titles of Degrees, and in what numbers and on what conditions their students should be given facilities for instruction and study in the University. Ordinances giving effect to the Statute were

adopted by the Senate on 3 March 1923, and on July 17 of that year the Registry published the first list of women upon whom Titles of Degrees had been conferred. The Act setting up the Statutory Commission for Cambridge received the Royal assent a fortnight later, and the position of women at Cambridge, on which the Royal Commission had dwelt, was much improved by the New Statutes, which made women eligible for all University teaching offices; and these offices give membership of Faculties, and some of them give membership of Faculty Boards.

An important feature of the New Statutes is the fixing of certain age-limits. Seventy years is the limit of age for election to the Council of the Senate and for appointment to Boards, permanent Syndicates, and Appointments Committees, with a further limitation to sixty-eight for appointment to a Board of Electors to a Professorship. The end of the academical year in which the officer attains the age of sixty-five is the time of necessary retirement for University administrative officers (other than the Chancellor, the Vice-Chancellor, the High Steward, the Deputy High Steward, and the Commissary) and for Professors, Readers, and University Lecturers, except that a woman must vacate her University Lectureship five years earlier unless she is continued in it by the General Board, on the recommendation of the appropriate Faculty Board, for a period or periods not exceeding five years in all.

None of these age-limits applies to a person holding under the Old Statutes any post which is a University office as defined in the New Statutes; but many such persons are participants in a Pension Scheme set up, at the suggestion of the Royal Commission, under a Statute approved by the King in Council on 25 July 1924, and this scheme involves the retirement of some participants at seventy, of the rest at sixty-five. Under the New Statutes every University teaching officer must join in the Federated Superannuation System for Universities, and so must every University administrative officer (with the exceptions recently mentioned) if required by Ordinance to do so.

University Offices

THE term 'University officer' received precision from the New Statutes: 'The University officers shall be those persons only who hold any of the offices specified in the Statutes as administrative or teaching offices, or any administrative office created by Ordinance.' Under this last clause nothing has yet been done. In the sections that here follow it is therefore possible to represent exactly the order in which the Statutes deal with the University offices of the two kinds; an order which entails some departures from the arrangement adopted in the *Historical Register*.

The University Administrative Offices

CHANCELLOR [*H. R.* 14; *S. I.* 1]

The election of a Chancellor is now governed by Statute A, 1, which provides that, when a vacancy of the office is certainly known to the Vice-Chancellor, he shall publish an announcement stating the fact and appointing a day in term as the day of nomination, which shall be not less than twenty-one days of term nor more than twenty-eight days of term later than this announcement, and a subsequent day in term for holding an election, which shall be not more than fourteen days of term after the day of nomination.

Only those persons shall be eligible whose nomination papers have been signed by at least fifty members of the Senate and sent to the Vice-Chancellor on or before the day of nomination. The Senate is still the electing body.

ORATOR [*H. R.* 47; *S. I.* 2]

The simple title 'Orator' is used in the New Statutes (as in the Old), and 'Public Orator' is out of use.

REGISTRARY [*H. R.* 50]

By a Statute approved in 1925 it was provided that the Registrar should be appointed by Grace on the nomination of the Council; further that, while it should be his duty to act as Secretary to the Council, he should be ineligible for membership of that body. These provisions are continued by the New Statute D VII.

The title of Registrary Emeritus was conferred on Dr J. N. Keynes upon his retirement from office at the end of 1925.

ASSISTANT REGISTRARIES [*H. R.* 52; *S. I.* 2]

As in 1920 an Assistant Registryship was instituted for the Secretary of the Board of Research Studies, so in 1921 another was instituted for the Secretary of the Board of Examinations, and it was held by Mr Whetham till the end of 1925. Under the New Statutes the Registrar, and one or more Assistant Registraries, are to be the Secretaries of those two Boards and of the General Board; and to an Assistant Registrar who is Secretary of the General Board, as Mr Priestley has been since the beginning of 1927, is assigned by Ordinance the title of First Assistant

Registrary. But the Assistant Registraries, besides their Secretaryships, are at hand to help the Registrary in other work; therefore in the list that follows they are not distinguished according to their special functions.

Mr B. Benham, like Mr Whetham, retired from office at the end of 1925.

The salaries of the present Assistant Registraries are fixed by Grace from time to time; the duties, duration and other conditions of tenure relating to each appointment are determined by the Council.

1921 William Cecil Dampier Whetham, M.A., F.R.S., Fellow of Trinity.

1924 Raymond Edward Priestley, M.A., Fellow of Clare.

1927 Hugh Claye, M.A., Caius.

1926 Sir John James Withers, C.B.E., M.A., Fellow of St Catharine's. Knighted 1929.
Hon. LL.D. 1939.

1929 Godfrey Harold Alfred Wilson, O.B.E., M.A., Master of Clare.

UNIVERSITY COUNSEL [*H. R.* 56; *S.* 1. 2]

These appointments were discontinued in 1922.

ADDITIONAL PRO-PROCTORS [*H. R.* 47]

Grace 1 of 6 June 1925 sanctioned the appointment by the Senate, on the nomination of the Proctorial Syndicate, of a Special Pro-Proctor, a Master of Arts or Law, to deal with the regulation of the use of motor vehicles by members of the University *in statu pupillari*. He was to be appointed, in the first instance, for two years, and to receive an annual stipend of £200. A Special Pro-Proctor was appointed accordingly by Grace of 1 October 1925, and re-appointed by Grace 4 of 20 May 1927 and Grace 11 of 11 May 1929. By Grace of 24 May 1929 he was empowered to deal also with the use of aircraft by members of the University *in statu pupillari*.

1925 Donald Portway, M.A., Fellow of St Catharine's.

UNIVERSITY ORGANIST

The Organist of the University Church is appointed from time to time as a vacancy occurs by the Vice-Chancellor, and receives such stipend as may be determined by Grace. By Grace of 19 December 1929 the stipend was fixed at £100 a year.

1897 Arthur Henry Mann, D.Mus. (Oxf.), Hon. M.A. King's. Organist of King's College. Fellow of King's, 1921.

1929 Bernhard Ord, M.A., Mus.B., Fellow of King's.

The University Teaching Offices

I. Professorships

Professorships to which their holders were appointed (or first appointed) before 26 January 1924 continue to be governed by the Old Statutes unless something to the contrary is recorded.

Where nothing to the contrary is recorded, the stipend attached to a Professorship is now (1931) £1200, which is subject to the deduction of (a) £200 if the holder is a Head or Fellow of a College under the Old Statutes, and of (b) £100 in the case of the Plumian Professorship of Astronomy, the Downing Professorship of Law, and the Arthur Balfour Professorship of Genetics, whose holders occupy official houses rent-free.

Where nothing to the contrary is recorded, Professorships, which are said below, and were said in the *Historical Register* and its *Supplement*, 1911-20, to be assigned to Special Boards or Boards of Studies, are by Grace of 22 April 1927 assigned to the corresponding Faculties.

AERONAUTICAL ENGINEERING (FRANCIS MOND) [S. I. 3]

On the constitution of the Special Board for Engineering Studies in 1923, the Professor was assigned to that Board instead of the Special Board for Mathematics.

By Grace of 22 April 1927 the Professorship was assigned to the Faculty of Engineering.

AGRICULTURAL BOTANY [II. R. 109]

By Grace of 4 June 1921 the Professorship was connected with the Special Board for Agriculture and Forestry instead of the Special Board for Physics and Chemistry.

By Grace of 15 June 1929 the regulation that the Professorship should cease at the end of the Easter Term, 1929, was rescinded.

1908 Sir Rowland Harry Biffen, M.A., Fellow of St Catharine's and Honorary Fellow of Emmanuel. Knighted 1925.

AGRICULTURE (DRAPERS) [II. R. 108]

By Grace of 4 June 1921 the Professorship was connected with the Special Board for Agriculture and Forestry instead of the Special Board for Physics and Chemistry.

By Grace of 15 June 1929 the regulation that the Professorship should cease at the end of the Easter Term, 1929, was rescinded.

1930 Frank Leonard Engledow, M.A., Fellow of St John's.

ANATOMY [*H. R.* 87; *S. I.* 3]

By Grace of 22 April 1927 the Professorship was assigned to the Faculty of Biology 'A'.

1920 James Thomas Wilson, Challis Professor of Anatomy in the University of Sydney. M.A., St John's, 1920. Fellow of St John's, 1920.

ANCIENT HISTORY [*H. R.* 108]

1925 Frank Ezra Adcock, O.B.E., M.A., Fellow of King's.

ANGLO-SAXON (ELRINGTON AND BOSWORTH) [*H. R.* 104; *S. I.* 3]

By Grace of 22 April 1927 the Professorship was assigned to the Faculty of English, but it was transferred on 15 June 1927 to the Faculty of Archaeology and Anthropology.

ANIMAL PATHOLOGY

An offer from the Ministry of Agriculture and Fisheries of a sum of £30,000 to found a Professorship of Animal Pathology as a first step towards the creation of an Institute for Research in the Pathology of Animal Diseases was accepted by the Senate by Grace of 16 February 1923. The Professor was elected for five years in the first instance. His election was governed by Statute B, IX, and his residence and duties by Statute B, XI. He was assigned to the Special Board for Agriculture and Forestry. In 1928 Professor Buxton was re-appointed.

1923 James Basil Buxton. M.A. (*honoris causa*) 1923.

ARABIC (SIR THOMAS ADAMS'S) [*H. R.* 81]

1925 Reynold Alleyne Nicholson, Litt.D., Trinity. Lecturer in Persian, 1902-26. Fellow of Trinity, 1926.

ARABIC (LORD ALMONER'S) [*H. R.* 89]

The stipend remains as before.

ARCHAEOLOGY (DISNEY) [*H. R.* 96]

By Grace of 4 June 1927 the following regulations governing this Professorship were approved:

The election and tenure and duties of the Disney Professor of Archaeology shall be governed by Statute D, XIII, XIV, XV.

The Disney Professorship of Archaeology shall be primarily assigned to the Faculty of Archaeology and Anthropology, and the duties of the Professor shall be to give instruction in and to promote the progress of Archaeological studies within that Faculty.

The Professor's stipend shall be £1200, which shall include the income of the Disney Trust.

1926 *Vacant*, on the death of Sir W. Ridgeway.

1927 Ellis Hovell Minns, Litt.D., Fellow of Pembroke. Lecturer in Palaeography, 1906-27

ASTRONOMY (PLUMIAN) [*H. R.* 86; *S. I.* 3]

1913 Sir Arthur Stanley Eddington, M.A., Fellow of Trinity. Knighted 1930.

ASTRONOMY AND GEOMETRY (LOWNDEAN) [*H. R.* 91 ; *S. I.* 4]

By Grace of 3 March 1928 the Board of Electors was re-constituted in accordance with Statute D, XIV, 2.

ASTROPHYSICS [*H. R.* 110]

By Grace of 16 June 1928 (the anonymous donor having paid to the University a sum of £12,000, thereby anticipating the date when his obligation would become effective and increasing substantially the sum which he had promised) the benefaction for endowment of a Chair of Astrophysics was separately invested and called the Astrophysics Professorship Fund. By Grace of 27 October 1928 the whole income of the fund, so long as it does not exceed £1320 a year, is to be applied towards the stipend of the Professor and the pension contributions payable by the University thereon.

1928 Frederick John Marrian Stratton, D.S.O., O.B.E., M.A., Fellow of Caius.

BIOCHEMISTRY [*S. I.* 4]

Suppressed on the appointment of Sir F. G. Hopkins to the Sir William Dunn Professorship of Biochemistry.

BIOCHEMISTRY (SIR WILLIAM DUNN)

The Sir William Dunn Professorship of Biochemistry was established by Grace of 12 February 1921 from a benefaction of £165,000 conveyed to the University by the Trustees of the late Sir William Dunn, Bart. The Endowment Scheme provides that 'a sum of £25,000 be invested in Government Securities as a permanent endowment for a Professorship to be called the Sir William Dunn Professorship of Biochemistry and the income thereof be paid to the holder for the time being of the Professorship.' The stipend is now (1931) £1398.

It is the duty of the Professor to promote by teaching and research the study and knowledge of Biochemistry. The Electors to the Professorship are the Vice-Chancellor and eight other persons. The residence and duties of the Professor were governed by old Statute B, XI. The Special Board to which he was assigned was the Special Board for Biology and Geology, and, by Grace of 22 April 1927, he is now assigned to the Faculty of Biology 'B'.

1921 Sir Frederick Gowland Hopkins, M.A., Fellow of Trinity. Reader in Chemical Physiology, 1902-21. Professor of Biochemistry, 1911-21. Knighted 1925.

BIOLOGY (QUICK) [*H. R.* 108]

The duty of the Professor is to devote himself to the study of Parasitology (Grace of 12 February 1921).

By Grace of 22 April 1927 the Professorship was assigned to the Faculty of Biology 'A'.

THE JOHN HUMPHREY PLUMMER FOUNDATION

In 1929 the University accepted a bequest under the will of the late Mr John Humphrey Plummer for the promotion of education in Chemistry, Biochemistry, Physical Science, or other allied subjects, the testator's desire and intention being that there should be established and endowed a Professorship or Professorships each of the annual value of £1200. The bequest was expected to yield an income of approximately £10,000 a year.

2. Readerships

Where nothing to the contrary is recorded, Readerships to which their present holders were appointed (or first appointed) before 26 January 1924 continue to be governed by the Old Statutes. Other Readerships are now governed by New Statute D, xvi.

The New Statutes provide that a Readership shall lapse on becoming vacant, unless the University determines that it shall be continued, or unless the University under the provisions of any trust which it is not competent to alter is bound to continue it. They also provide that the appointment to a Readership shall be made either by a Faculty Appointments Committee or by such other body as the University may constitute from time to time for the purpose. The precise method of appointment has not yet (1930) been determined.

The normal stipend of a Reader is now (1930) £850, or £650 if the holder is in receipt of a Fellowship dividend. Exceptions are noted below.

Where nothing to the contrary is recorded, Readerships which are said below, and were said in the *Historical Register* and its *Supplement*, 1911-20, to be connected with Special Boards or Boards of Studies are, by Grace of 4 June 1927, connected with the corresponding Faculties.

AGRICULTURAL PHYSIOLOGY [*S. I. 8*]

By Grace of 24 May 1929 the Readership was continued under Statute D, xvi.

The stipend remains as before.

AGRICULTURE [*S. I. 8*]

1924 *Vacant*, on the death of Mr Mackenzie.

1926 *Lapsed*, being still vacant when the New Statutes came into operation.

BIOCHEMISTRY (SIR WILLIAM DUNN)

By Grace of 19 December 1922 the General Board of Studies were authorized to appoint a Sir William Dunn Reader in Biochemistry in accordance with the provisions of Statute B, vii. The stipend attached to the Readership is the interest on the endowment fund of £10,000 provided by Sir William Dunn's Trustees, together with such additional payment from the funds of the Department, or from other sources, as shall bring the total stipend of the Readership up to a sum not exceeding £850 per annum, or £650 per annum when the Reader holds a Fellowship. The Readership was connected with the Special Board for Biology

and Geology. By Grace of 4 June 1927 the Readership is now connected with the Faculty of Biology 'B'.

1923 John Burdon Sanderson Haldane, M.A., Trinity.

BOTANY [*H. R.* 113]

By Grace of 4 June 1927 the Readership is now connected with the Faculty of Biology 'A'.

CHEMICAL PHYSIOLOGY [*H. R.* 115]

The Readership in Chemical Physiology was suppressed on the appointment of Professor Hopkins to the Sir William Dunn Professorship of Biochemistry in 1921.

CLASSICAL ARCHAEOLOGY [*H. R.* 113]

1907 Arthur Bernard Cook, M.A., Fellow of Queens'. Litt.D. 1926. (Laurence Professor of Classical Archaeology, 1931.)

CLASSICS (BRERETON-LAURENCE) [*H. R.* 115]

By Grace of 4 June 1927 the regulations for the Brereton Readership were rescinded and the following regulations approved: A Readership, to be called the Brereton-Laurence Readership in Classics, shall be established as from 1 August 1927.

The whole net annual income of the Brereton Bequest and one moiety of the net annual income of Sir Perceval Maitland Laurence's Benefaction shall be applied to the stipend of the Reader and to the pension contributions payable thereon.

The Reader first appointed shall promote the study of Ancient Philosophy by giving instruction therein and otherwise.

The stipend in 1930 was £490.

1926 *Vacant*, on the death of Sir W. Ridgeway.

1927 Francis Macdonald Cornford, M.A., Fellow of Trinity. (Laurence Professor of Ancient Philosophy, 1931.)

COMPARATIVE PHILOLOGY [*H. R.* 113]

The stipend is now (1931) £450.

ECONOMICS

Established by Grace of 16 May 1930 for Mr Robertson.

1930 Dennis Holme Robertson, M.A., Fellow of Trinity. Girdlers' Lecturer in Economics, 1928-30.

ECONOMIC HISTORY

By Grace of 21 June 1930 a Readership in Economic History was offered to Mr C. R. Fay, of Christ's College, as from 1 January 1931.

ELECTRICAL ENGINEERING

Established by Grace of 11 February 1922 for five years as from 1 October 1921, with a stipend of £100 a year payable from the Chest and £600 a year from the Department of Engineering.

The Reader was *ex officio* a member of the Special Board for Engineering Studies. By Grace of 15 October 1926 the Readership was continued until 30 September 1931.

1922 Charles George Lamb, M.A., Clare. Sc.D. 1923.

ELECTRICAL METEOROLOGY [*S. I. 8*]

1925 *Lapsed* on the appointment of Mr Wilson to the Jacksonian Professorship.

ESTATE MANAGEMENT [*S. I. 8*]

1920 Frank Braybrooke Smith, C.M.G., Downing. M.A. 1920. Fellow of Downing, 1924.

Lapsed as from 30 September 1928, on the resignation of Mr Smith.

ETHNOLOGY [*H. R. 116*]

In 1925 it was proposed that this Readership should be continued and made permanent, and it was established by Grace 28 of 5 June 1926. By Grace of 4 June 1927 the Readership is now connected with the Faculty of Archaeology and Anthropology.

1926 Thomas Callan Hodson. M.A. 1927. Christ's, 1928.

EXPERIMENTAL PSYCHOLOGY

Established by Grace of 28 January 1921, with an annual stipend of £650 from the Medical Grant Fund (see *Ordinances* 1923, p. 252). The stipend is now paid from the Chest (see Readership in Preventive Medicine, p. 28). The Readership was in connexion with the Special Board for Moral Science. The first appointment was made for a period of five years. On the resignation of Dr Myers the Readership, which was to lapse on his retirement, was re-established by Grace of 19 May 1922.

The duty of the Reader is to advance the study of Experimental Psychology by teaching and research, and to act as Director of the Psychological Laboratory.

By Grace of 7 May 1927 the Readership is now held under the conditions of Statute D, XVI.

By Grace of 4 June 1927 the Readership is now connected with the Faculty of Biology 'B'.

1921 Charles Samuel Myers, C.B.E., M.D., Sc.D., F.R.S., Fellow of Caius, appointed as from 1 October 1920. University Lecturer in Experimental Psychology, 1907-21.

1922 Frederick Charles Bartlett, M.A., Fellow of St John's. Assistant in Experimental Psychology, 1914-22. (Professor of Experimental Psychology, 1931.)

FORESTRY [*H. R. 115*; *S. I. 9*]

By Grace of 4 June 1921 the Readership was connected with the Special Board for Agriculture and Forestry, instead of the Special Board for Biology and Geology; and the stipend was made payable from the Forestry Education Fund. The Readership was established for a fourth period of five years dating from 1 October 1922, and later continued until 30 September 1929, and again to 30 September 1931.

FRENCH

By Grace of 10 March 1922 the General Board of Studies were authorized to appoint H. F. Stewart, D.D., of Trinity College, to be Reader in French without stipend from the University, in accordance with the provisions of Statute B, VII, the tenure to be for such period as he continues to hold the Praelectorship to which he had been appointed by Trinity College. The Readership was in connexion with the Special Board for Medieval and Modern Languages. By Grace of 29 October 1926 a stipend of £400 a year was attached to the Readership.

1922 Hugh Fraser Stewart, D.D., Fellow of Trinity.

GEODESY

The General Board of Studies were authorized by Grace of 11 February 1922 to appoint Sir G. P. Lenox-Conyngham to be Reader in Geodesy without stipend from the University; the tenure to be for such period as he continues to hold the Praelectorship, established in 1921, to which he had been appointed by Trinity College. The Readership was in connexion with the Special Board for Mathematics. The Reader is still (1930) without stipend from the University.

1922 Sir Gerald Ponsonby Lenox-Conyngham, F.R.S., Fellow of Trinity. M.A. 1922.

GEOGRAPHY [*S. I. 9*]

By Grace of 21 June 1921 the Readership was continued until 30 September 1926; and by Grace of 15 October 1926 it was continued until 30 September 1931. Mr Lake resigned in October 1927, but by Grace of 11 March 1927 the Readership was continued under the terms of the New Statutes.

1927 Frank Debenham, O.B.E., M.A., Fellow of Caius. Royal Geographical Society Lecturer in Surveying and Cartography, 1919-27. (Professor of Geography, 1931.)

HUMAN ANATOMY [*S. I. 9*]

By Grace of 8 March 1930 Dr Duckworth was reappointed for five years from 1 October 1930 under the same conditions as hitherto, and the Readership was assigned to the Faculty of Biology 'A'. The stipend is now paid from the Chest (see Readership in Preventive Medicine, p. 28).

METALLURGY (GOLDSMITHS) [*II. R. 116*]

By Grace of 7 December 1928 an offer of the Worshipful Company of Goldsmiths to provide a yearly sum at the rate of £500 a year, on the appointment of a new Reader, until such time as it might be convenient to them to transfer a capital sum of £10,000 to increase the endowment, was gratefully accepted.

1929 *Vacant*, on the resignation of Mr Heycock.

MODERN HISTORY [*S. I. 9*]

1919 Harold William Vazeille Temperley, O.B.E., M.A., Fellow of Peterhouse.
Litt.D. 1925.

1930 *Lapsed* on the establishment of the Professorship of Modern History.

MORPHOLOGY OF VERTEBRATES [*S. I. 9*]

1928 *Lapsed* on the death of Mr Gadow.

PETROLOGY [*S. I. 10*]

By Grace of 4 June 1927 the Readership is now connected with the Faculty of Biology 'A'.

PHARMACOLOGY [*S. I. 10*]

The stipend is now paid from the Chest (see Readership in Preventive Medicine, below).

PHYSIOLOGY [*S. I. 10*]

1925 *Vacant*, on Mr Barcroft's election to the Professorship of Physiology.

1926 *Lapsed*, being still vacant when the New Statutes came into operation.

PREVENTIVE MEDICINE

By Grace of 10 February 1923 the General Board of Studies were empowered to appoint, subject to confirmation by the Special Board for Medicine, Dr Graham-Smith to be Reader in Preventive Medicine in accordance with the provisions of Statute B, VII, for a period of five years from 1 January 1923, provided that the contribution to the stipend of the Reader from the Medical Grant Fund continued for that period. Of the stipend £100 was paid from the funds in the hands of the State Medicine Syndicate (discharged in 1923) and £750 from the Medical Grant Fund (discontinued in 1926). The stipend is now paid from the Chest. The Readership was in connexion with the Special Board for Medicine and was to terminate with the tenure of office of Dr Graham-Smith. By Grace of 4 June 1927 the Readership is now connected with the Faculty of Biology 'B'. By Grace of 18 June 1927 the Readership was continued under the conditions of Statute D, XVI.

1923 George Stuart Graham-Smith, M.D., Pembroke. University Lecturer in Hygiene, 1907-23.

TALMUDIC [*H. R. 112*]

By Grace of 13 June 1924 the stipend of the Reader was increased by £100.

1925 *Lapsed* on the death of Mr Abrahams.

3. *University Lectureships*

If nothing to the contrary is recorded, University Lectureships are held, and have been held since 1 October 1926, under the Statutes of 1926. The number of Lectureships in each Faculty and each Department of a Faculty is determined by the University on the recommendation of the General Board. Appointments are made by the Appointments Committee of the Faculty concerned, who likewise fill vacancies if the General Board with the confirmation of the Financial Board decide that the vacant Lectureship shall be continued. Normally, a University Lecturer is appointed in the first instance for three years, and on re-appointment is entitled to hold office so long as he satisfactorily performs his duties until the retiring age. A University Lecturer who holds his office under the Statutes of 1926 is required to do a basic amount of work for which he receives a basic stipend; and he may receive additional payments for any approved teaching in excess of the basic amount. The normal scale of basic stipends is now (1930) as follows: (i) £200 a year for the first three years, (ii) £250 a year for the following seven years, and (iii) £300 a year after ten years' service. Lectureships connected with Medical Diplomas are paid from Diploma funds: other stipends, except in so far as they are wholly or partially derived from endowments, are paid from the general University income.

Formerly much of the teaching in the University was done by College Lecturers; but since the Statutes of 1926 came into force almost all formal teaching has been taken over by the University. This has led to the creation of many new University Lectureships. An alphabetical list of the holders of these since their creation, and of new holders, appointed since 30 September 1926, of the old Lectureships, will be found on p. 35.

Where nothing to the contrary is recorded, Lectureships which are said below, and were said in the *Historical Register* and its *Supplement* (1911-20), to be connected with Special Boards, or Boards of Studies, are under the Statutes of 1926 connected with the corresponding Faculties.

LECTURESHPIS ESTABLISHED BEFORE 1 OCTOBER 1926

AGRICULTURE [S. I. 11]

Mr Amos resigned in 1929.

AGRICULTURE [H. R. 151; S. I. 24]

The Gilbey Lectureship in the History and Economics of Agriculture.

By Grace of 4 June 1921 the Lecturer was to be appointed by the Special Board for Agriculture and Forestry, subject to confirmation by Grace of the Senate, and the duties of the Managing Syndicate were transferred to the Special Board.

The Lectureship, having lapsed, was re-established by Grace 4 of 14 November 1925.

By Grace of 30 November 1929 it was decided that the normal limitation of tenure of University Lectureships should apply to this Lectureship also.

1921 John Archibald Venn, M.A., Trinity. Fellow of Queens', 1927. Litt.D. 1929.

ANCIENT HISTORY [*H. R.* 117; *S.* 1. 11]

The Lectureship is held under the conditions obtaining before 1 October 1926.

1911 Terrot Reaveley Glover, M.A., Fellow of St John's. Orator, 1920.

ARAMAIC [*H. R.* 123]

1903 Norman McLean, M.A., Fellow of Christ's. Master of Christ's, 1927.

ASSYRIOLOGY (ERIC YARROW)

By Grace of 21 May 1926 the University accepted the offer of Sir Alfred and Lady Yarrow to hand over to the University a sum which would produce an annual income of at least £500 for the stipend of a University Lecturer in Assyriology. By the same Grace the Eric Yarrow Lectureship in Assyriology was established as from 31 March 1926 in the Faculty of Oriental Languages.

1926 Chauncey Percy Tietjens Winckworth, M.A., Christ's.

ASTROPHYSICS [*S.* 1. 12]

1922 Edward Arthur Milne, M.A., Fellow of Trinity.

1925-30 John Anthony Carroll, M.A., Sidney. Ph.D. 1927.

BIOCHEMISTRY

Two Lectureships in Biochemistry were established in 1921. The income of each Lectureship was £300 per annum payable from the Sir William Dunn endowment, together with £50 from the Common University Fund. The Lectureships were in connexion with the Special Board for Biology and Geology: they are now in the Faculty of Biology 'B'.

1921 Thomas Shirley Hele, O.B.E., M.D., Fellow of Emmanuel.

1921 Rudolph Albert Peters, M.C., M.D., Fellow of Caius.

1923-27 Francis John Worsley Roughton, B.A., Fellow of Trinity (*vice* Dr Peters). M.A. 1924. Ph.D. 1925. University Lecturer in Physico-Chemical Aspects of Physiology, 1927.

BOTANY [*H. R.* 118 and 122; *S.* 1. 12]

The Lectureships are now in the Faculty of Biology 'A'.

(ii) Lectureship established in 1890.

1923 Hugh Hamshaw Thomas, M.B.E., M.A., Fellow of Downing. Sc.D. 1926.

CHEMISTRY [*H. R.* 127; *S. I.* 12]

Two University Lectureships. (See also 'Medical Chemistry,' 'Organic Chemistry,' 'Pathological Chemistry,' below.) One of the Lectureships ceased with Dr H. J. H. Fenton's tenure, but it was re-established by Grace of 13 June 1924.

1924 Hamilton McCombie, D.Sc.O., M.C., M.A., Fellow of King's (*vice* Dr Fenton).

CHEMISTRY AND PHYSICS IN THEIR APPLICATION TO HYGIENE AND PREVENTIVE MEDICINE [*H. R.* 130; *S. I.* 12]

Until the death of Mr Purvis in 1930 the Lectureship was held under the conditions obtaining before 1 October 1926.

CRYSTALLOGRAPHY

Established by Grace of 26 January 1923. The Lectureship was connected with the Special Board for Physics and Chemistry. The stipend of £100 was provided out of the fee-fund of the Department of Mineralogy. The Lectureship ceased with Mr Hutchinson's election to the Professorship of Mineralogy in 1926.

1923 Arthur Hutchinson, O.B.E., M.A., Fellow of Pembroke. Master of Pembroke, 1928.

ECONOMIC GEOLOGY [*S. I.* 12]

The Lectureship is now in the Faculty of Biology 'A'.

1919 Robert Heron Rastall, M.A., formerly Fellow of Christ's. Sc.D. 1921.

ECONOMICS [*H. R.* 127; *S. I.* 12]

(i) The Girdlers' Lectureship.

An offer of the Worshipful Company of Girdlers to continue their support of the teaching of Economics in the University by a grant of £120 a year from 1928 to 1931 was accepted by Grace of 17 February 1928.

1920-27 Frederick Lavington, M.A., Emmanuel. Fellow of Emmanuel, 1922.

(ii) The University Lectureship established in 1911.

1923 Gerald Frank Shove, M.A., King's. Fellow of King's, 1926.

In 1930 Mr Shove was given the title of Girdlers' Lecturer.

(iii) On the establishment of a Departmental Fund in Economics in 1923, it was decided that a third University Lecturer should be appointed, for a period of three years in the first instance, the stipend of the Lecturer to be provided out of the Departmental Fund. In 1928 Mr Robertson was given the title of Girdlers' Lecturer, and held the Lectureship under that title until his appointment in 1930 to the Readership in Economics.

1924-28 Dennis Holme Robertson, M.C., M.A., Fellow of Trinity.

EMBRYOLOGY

Established for five years from 1 October 1922, by Grace of 2 December 1922. The Lectureship was connected with the Special Board for Biology and Geology: it is now in the Faculty of

Biology 'A'. One of the duties of the Lecturer is to give instruction in the Embryology of the Vertebrata. The annual stipend was £250, payable from the Medical Grant Fund.

1922 Cresswell Shearer, Sc.D., Clare.

ENGINEERING [*H. R.* 126; *S. I.* 12]

(i) The University Lectureship in Electrical Engineering.

Suspended by Grace of 11 February 1922, which established a Readership in Electrical Engineering (see p. 25).

(ii) The University Lectureship in Mechanical Engineering.

On the constitution of the Special Board for Engineering Studies in 1923, this Lectureship was connected with that Board instead of the Special Board for Physics and Chemistry.

ENGLISH [*H. R.* 124; *S. I.* 13]

Dr Coulton continues to hold the Lectureship under the conditions obtaining before 1 October 1926.

1919 George Gordon Coulton, M.A., Fellow of St John's, Litt.D. 1928.

EXPERIMENTAL PHYSICS [*H. R.* 125]

(ii) Lectureship established in 1900.

Dr Searle continues to hold the Lectureship under the conditions obtaining before 1 October 1926.

EXPERIMENTAL PSYCHOLOGY [*H. R.* 124 and 129]

Abolished by Grace of 28 January 1921, which established a Readership in Experimental Psychology (see p. 26).

FORESTRY [*S. I.* 13]

1924 *Vacant*.

The Gurney Lectureship.

Established by Grace of 19 May 1922 for a period of five years from 1 July 1922, in connexion with the Special Board for Agriculture and Forestry. Part of the stipend is derived from the Gurney benefaction.

1922 Henry Archibald Cox, B.A. M.A. 1925.

1929 Alexander Stuart Watt, B.A., Ph.D. Downing, 1930.

GEOGRAPHY [*H. R.* 129; *S. I.* 13]

(i) Lectureship in Historical and Economic Geography.

1921 Robert Whitfield Stanners, M.A., Caius.

(iii) Royal Geographical Society Lectureship in Surveying and Cartography.

Now suspended.

1919-27 Frank Debenham, O.B.E., B.A., Fellow of Caius. M.A. 1922. Reader, 1927.

After 1 October 1926 the above two Lectureships were connected with the Faculty of Geography.

GERMAN [*H. R.* 130; *S. I.* 13]

1923 Edwin Keppel Bennett, M.A., Caius. Fellow of Caius, 1923.

HUMAN ANATOMY [*H. R.* 122; *S. I.* 13]

On the establishment in 1920 of a Readership in Human Anatomy (see p. 27), it was decided to make no further appointment for the present to this Lectureship, which had been vacant since 1915.

HYGIENE [*H. R.* 128; *S. I.* 13]

Abolished by Grace of 10 February 1923, which established a Readership in Preventive Medicine (see p. 28).

MATHEMATICS [*H. R.* 118; *S. I.* 13]

(Five University Lectureships, one of them vacant since 1925.)

1911-27 Robert Alfred Herman, M.A., Fellow of Trinity.

1914-28 Arthur Berry, O.B.E., M.A., Fellow of King's.

1919 William John Harrison, M.B.E., M.A., Fellow of Clare.

1923 Ralph Howard Fowler, M.A., Fellow of Trinity (*vice* J. H. Grace, resigned).
Stokes Lecturer.

MEDICAL CHEMISTRY [*S. I.* 13]

The Lectureship is now in the Faculty of Biology 'B'.

MEDICAL RADIOLOGY AND ELECTROLOGY [*S. I.* 14]

Dr Scales died in 1927.

MORAL SCIENCE [*H. R.* 120 and 126; *S. I.* 14]

(i) University Lectureship established in 1883.

1925 *Vacant*.

(ii) Sidgwick Lectureship.

Mr Johnson held the Lectureship under the conditions obtaining before 1 October 1926, until his death in 1931.

1902-(31) William Ernest Johnson, M.A., Fellow of King's.

MUSIC (HARMONY AND COUNTERPOINT) [*H. R.* 120]

1924 Cyril Bradley Rootham, Mus.D., Fellow of St John's.

PALAEOGRAPHY [*H. R.* 123]

1927 *Vacant*, on the appointment of Dr Minns (Litt.D. 1920) to the Disney Professorship of Archaeology.

PALAEOZOOLOGY [*H. R.* 124]

The Lectureship is now in the Faculty of Biology 'A'.

PARASITOLOGY

Established by Grace of 29 May 1925 for five years. The Lectureship was in connexion with the Special Board for Medicine: it is now in the Faculty of Biology 'A'.

1925 David Keilin, M.A., Magdalene.

PATHOLOGICAL CHEMISTRY [*S. I.* 14]

1921 *Vacant*.

PATHOLOGY [*H. R.* 128; *S. I.* 14]

(i) Huddersfield Lectureship in Special Pathology.

Mr Strangeways died in 1926.

(ii) University Lectureship in Pathology.

1907-29 Louis Cobbett, M.D., Trinity.

After 1 October 1926 the above Lectureships were connected with the Faculty of Biology 'B'.

PERSIAN [*H. R.* 122]

Dr Nicholson was elected Sir Thomas Adams's Professor of Arabic in 1926.

PHYSICAL CHEMISTRY [*S. I.* 15]

Humphrey Owen Jones Lecturer.

1921-30 Eric Keightley Rideal, M.B.E., M.A., Fellow of Trinity Hall. Professor of Colloidal Physics, 1930.

PHYSICS (AS APPLIED TO MEDICAL RADIOLOGY)

Established by Grace of 20 May 1921 for five years as from 1 January 1921. The Lectureship was in connexion with the Special Board for Medicine.

1921 James Arnold Crowther, Sc.D., St John's.

1924 Gilbert Stead, M.A., Clare.

PHYSIOLOGY [*H. R.* 119; *S. I.* 15]

Three University Lectureships, two of which are assigned to Advanced Physiology. Dr Shore continues to hold his Lectureship under the conditions obtaining before 1 October 1926: the same applied to Sir W. B. Hardy until his resignation in 1929. The Lectureships are now in the Faculty of Biology 'B'.

1912-29 Sir William Bate Hardy, M.A., Fellow of Caius. Knighted 1925.

1920-28 Edgar Douglas Adrian, M.D., Fellow of Trinity.

PHYSIOLOGY OF THE SENSES [*H. R.* 128; *S. I.* 15]

After 1 October 1926 the Lectureship was connected with the Faculty of Biology 'B'.

1919-27 Hamilton Hartridge, M.D., Fellow of King's. Sc.D. 1921.

PSYCHOPATHOLOGY

Established by Grace of 19 May 1922 in accordance with the provisions of Statute B, VIII, and in connexion with the Special Board for Medicine. The stipend of the Lecturer was £175 a year payable from the Common University Fund, together with such further payment as might be made from other sources. The Lectureship is now in the Faculty of Biology 'B'.

1923 John Thomson MacCurdy, M.D. (Johns Hopkins), Corpus. Hon. M.A. 1923
Fellow of Corpus, 1926. Sc.D. 1929.

RUSSIAN [*H. R.* 127]

In 1929 the title of the Lectureship was changed to University Lectureship in Slavonic. Mr Goudy continues to hold his Lectureship under the conditions obtaining before 1 October 1926.

STATISTICS [*S.* 1. 15]

The Lectureship is now in the Faculty of Agriculture and Forestry.

1912 George Udny Yule, M.A., St John's, 1913. C.B.E. 1918. Fellow of St John's, 1922.

THERMODYNAMICS [*S.* 1. 16]

On the constitution of the Special Board for Engineering Studies in 1923, this Lectureship was connected with that Board instead of the Special Board for Physics and Chemistry.

By Grace of 15 November 1929 it was decided that there should be a Hopkinson University Lectureship in Applied Thermodynamics until the establishment of a Professorship in Thermodynamics, and that the Lecturer should receive an annual stipend of £300 from the endowment fund of the proposed Professorship in Thermodynamics. Mr Lees resigned in 1929.

ZOOLOGY [*H. R.* 121; *S.* 1. 16]

The Lectureships in Zoology are now in the Faculty of Biology 'A'.

(i) University Lectureship established in 1884.

1910 Lancelot Alexander Borradaile, M.A., Fellow of Selwyn. Sc.D. 1922.

(ii) University Lectureship established in 1912 (Harding Lectureship). By Grace of 6 March 1926 the title of this Lectureship was changed to the 'University Lectureship in Experimental Zoology.'

1925 James Gray, M.C., M.A., Fellow of King's. Demonstrator of Comparative Anatomy, 1924.

(iii) University Lectureship established in 1920.

1920 Frank Armitage Potts, M.A., Fellow of Trinity Hall.

Holder of Lectureships established under the Statutes of 1926, and new holders, appointed since 30 September 1926, of the old Lectureships.

4. *University Demonstratorships*

Where nothing to the contrary is recorded, University Demonstratorships are now held, and have been held since 1 October 1926, under the Statutes of 1926. The number of Demonstratorships in each Faculty and each Department of a Faculty is decided, and Demonstrators are appointed, by the same bodies which perform these duties for University Lectureships, and in the same way (see p. 29). A Demonstrator holds his office in the first instance for three years, and may thereafter be re-appointed for a further period or periods, provided that his tenure of the office shall not exceed eight years in all. The basic stipend (see under 'University Lectureships,' p. 29) is now (1930) £150. Since 1926, when the Medical Grant Fund was discontinued, all stipends have been paid from Faculty or Departmental Funds.

The operation of the Statutes of 1926 has led to the establishment of many new Demonstratorships (see under 'University Lectureships,' p. 29). An alphabetical list of the holders of these since their establishment, and of new holders, appointed since 30 September 1926, of the old Demonstratorships, will be found on pp. 43, 44.

DEMONSTRATORSHIPS ESTABLISHED BEFORE 1 OCTOBER 1926

ANATOMY [*H. R.* 135; *S. I.* 19]

Senior Demonstrator

1920-26 Arthur Beeny Appleton, M.A., Downing. M.D. 1922. University Lecturer, 1926.

Junior Demonstrators

1920-28 Albert Hopkinson, M.A., M.B., B.Chir., Emmanuel. Retired.

Additional Junior Demonstrator

1921 Vernon Charles Pennell, M.A., M.B., B.Chir., Fellow of Pembroke.

Since 1926 there has been no distinction of grades.

ANIMAL MORPHOLOGY [*H. R.* 141; *S. I.* 19]

1914-26 John Tennant Saunders, M.A., Fellow of Christ's. University Lecturer in Zoology, 1926.

BIOCHEMISTRY [*S. I.* 19]

1923-28 Malcolm Dixon, B.A., Emmanuel. M.A. 1924. Ph.D. 1925. University Lecturer, 1928.

BOTANY [*H. R.* 139; *S. I.* 19.]*Senior*

1920-26 Samuel MacMahon Wadham, M.A., Christ's.

Junior

1922-25 John Walton, B.A., St John's. M.A. 1923.

1923 Harry Godwin, B.A., Clare. M.A. 1926. Ph.D. 1926.

Since 1926 there has been no distinction of Senior and Junior Demonstrators.

CHEMISTRY [*H. R.* 136; *S. I.* 19].

By Grace of 13 June 1924 the regulations hitherto in force relating to the Demonstrator and Assistant Demonstrators in Chemistry were rescinded and four Demonstratorships in Chemistry were established, subject to the general regulations for Demonstrators; three of them were to receive annual stipends of £100 and the fourth an annual stipend of £50. These stipends no longer hold.

1924-29 Frederick William Dootson, M.A., Trinity Hall.

1924-26 Hamilton McCombie, D.S.O., M.C., M.A., Fellow of King's.

1924-26 William George Palmer, M.A., Fellow of St John's.

1924 Arthur John Berry, M.A., Fellow of Downing.

COMPARATIVE ANATOMY [*H. R.* 137; *S. I.* 20]

1921-26 Frank Armitage Potts, M.A., Fellow of Trinity Hall. University Lecturer in Zoology, 1926.

1923-26 Harold Munro Fox, M.A., Fellow of Caius.

1924-26 James Gray, M.C., M.A., Fellow of King's. University Lecturer in Experimental Zoology, 1926.

EXPERIMENTAL PHYSICS [*H. R.* 137; *S. I.* 20]

Dr G. F. C. Searle continues to hold his Demonstratorship under the conditions obtaining at the time of his appointment in 1891.

Demonstrator

1919-26 Henry Thirkill, M.C., M.A., Fellow of Clare. University Lecturer in Physics, 1926.

Additional Demonstrator

1912-27 Thomas George Bedford, M.A., Sidney. University Lecturer in Physics, 1927.

Assistant Demonstrators

1924-26 Charles Drummond Ellis, Ph.D., Fellow of Trinity. University Lecturer in Physics, 1926.

1925 Patrick Maynard Stuart Blackett, B.A., King's (*vice* E. V. Appleton). M.A. 1925. Demonstrator, 1926.

Since 1926 there has been no distinction of grades.

EXPERIMENTAL PSYCHOLOGY [*H. R.* 143; *S. I.* 20]

Abolished by Grace of 19 May 1922. By the same Grace the Director of the Psychological Laboratory was empowered, with the consent of the Vice-Chancellor, to appoint a Demonstrator in Experimental Psychology without stipend from the University,

but subject to the general regulations for Demonstrators sanctioned by Grace of 6 December 1883 (*Ordinances* 1923, p. 571).

1922 Walter John Herbert Sprott, B.A., Clare. M.A. 1928.

1925-26 Harry Banister, M.Sc., St John's. Ph.D. 1926. University Lecturer in Experimental Psychology, 1926.

FORESTRY [*S. I.* 21]

The office of Adviser in Forestry, vacant since 1916, was terminated by Grace of 4 June 1921.

The offices of Investigator and Assistant Investigator in Timber, vacant since 1914 and 1915 respectively, were terminated by the same Grace.

GEOLOGY [*H. R.* 139 ; *S. I.* 21]

1919-26 Tressilian Charles Nicholas, O.B.E., M.C., M.A., Fellow of Trinity. University Lecturer, 1926.

MECHANISM [*H. R.* 138 ; *S. I.* 21]

Senior

1908-26 Austin Henry Peake, M.A., St John's. University Lecturer in Engineering, 1926.

Junior

1908-26 Talbot Peel, M.A., Fellow of Magdalene. University Lecturer in Engineering, 1926.

1919-26 William Dobson Womersley, M.A., Emmanuel. University Lecturer in Engineering, 1926.

MEDICAL ENTOMOLOGY [*S. I.* 21]

Mr Warburton holds the Demonstratorship under the conditions of tenure which apply to Assistants to Professors (see p. 46).

MEDICINE [*S. I.* 22]

1926 John Foster Gaskell, M.D., Caius.

1927 *Lapsed.*

MINERALOGY [*H. R.* 140]

1926 *Vacant.*

PATHOLOGY [*H. R.* 142 ; *S. I.* 22]

1920-26 Meredith Blake Robson Swann, M.A., Caius. Fellow of Caius, 1923. M.D. 1924.

PETROLOGY [*H. R.* 143 ; *S. I.* 22]

1923-29 Cecil Edgar Tilley, Ph.D., Emmanuel. University Lecturer in Petrology, 1929.

PHYSIOLOGY [*H. R.* 140 ; *S. I.* 22]

Senior

1919-26 Hamilton Hartridge, M.D., Fellow of King's. University Lecturer in the Physiology of the Senses, 1919. Sc.D. 1921.

Junior

1920-26 Ffrangcon Roberts, M.D., Fellow of Clare.

Additional Demonstrators

1920-22 Cecil Robert Allen Thacker, M.A., M.B., B.Chir., Fellow of Sidney. M.D. 1920.

1920-25 Thomas Richard Parsons, M.A., Sidney.

Since 1926 there has been no distinction of grades.

PLANT PHYSIOLOGY [*S. i. 22*]

1919-26 George Edward Briggs, M.A., St John's. University Lecturer in Botany, 1926.

SURGERY [*H. R. 142*]

By Grace of 19 May 1922 Dr Roderick was re-appointed under the direction of the Regius Professor of Physic, his appointment to be subject as regards tenure to the general regulations for Demonstrators sanctioned by Grace of 6 December 1883, with an annual stipend of £50 payable from the Common University Fund.

1922-26 Henry Buckley Roderick, M.D., M.Chir., Emmanuel. University Lecturer, 1926.

Holders of Demonstratorships established under the Statutes of 1926, and new holders, appointed since 30 September 1926, of the old Demonstratorships.

(The abbreviations in *italics*, the key to which will be found on p. 35, after the name and College indicate the Faculties with which the Demonstratorships are connected.)

UNIVERSITY SERMONS [*H. R.* 155; *S.* 1. 26]

By Statute B, v of the Statutes of 1926, sermons are preached in the University Church every Sunday during Full Term and on Ascension Day, and on such other days as may be appointed.

Public Buildings and Institutions

ADDENBROOKE'S HOSPITAL [*H. R.* 257]

An additional Home for the Nursing Staff was erected in 1924. In 1928 two new operating theatres, with their anaesthetic rooms, sterilizing room, etc., were erected, and the old theatre site, with two small wards adjoining, was converted into Maternity Wards. The sanitary annexes on the south side, which had been postponed in 1914, were also completed. In 1929 the front of the Hospital was completed by the erection, on the third floor, of a new Surgical Ward for women, containing, with the balcony, 27 beds. It was opened for patients early in 1930, and has been named 'Musgrave Ward.'

The hospital now (1931) contains 200 beds.

AGRICULTURE [*H. R.* 247]

In 1921 the income of the Hills Bequest was passed by the Royal Agricultural Society of England to the Department of Agriculture for 'research on the value and uses of the rarer forms of ash in the cultivation of crops.' The same Society in 1925 assigned to the Department the capital sum with which the late Sir Walter Gilbey founded his Lectureship in the History and Economics of Agriculture.

In 1922 the Ministry of Agriculture and Fisheries, in conjunction with the Horticultural Industry, provided funds for the establishment of a Horticultural Research Station, and the scheme for its management was approved by Grace in May 1924.

In 1923 the University gratefully accepted from the Ministry the endowment of a Professorship in Animal Pathology, to which were added in 1924 the funds to provide buildings, equipment, and a staff for an Institute to carry out research work in Animal Pathology.

In 1923 also the Ministry, in conjunction with the Poultry Industry, provided funds for the purchase of land, the erection of buildings, and equipment, for an extension of research in Poultry, partly by increasing the accommodation for the Small Animal Breeding research, and partly by adding to the staff of the Animal Nutrition Institute a special section devoted to Poultry Nutrition research. In the same year also the Ministry provided funds for a

staff for research and advisory work in Agricultural Economics, which has been augmented to enable further researches to be carried out.

In 1923 the University Farm and the Plant Breeding Farm, previously rented from Trinity College, were purchased by the University with the assistance of a grant from the Ministry.

To provide for the extension of the work of the School the Ministry in 1924 made a further grant towards the completion of buildings of the School.

In 1924 an offer from the Empire Cotton Growing Corporation of a sum of £1000 a year for five years from 1 January 1924 was gratefully accepted.

In 1926 the Ministry enabled research work in the Virus Diseases of Potatoes to be attached to the Plant Breeding Institute by the provision of a staff, the necessary buildings, and equipment.

In 1929 an offer of the Drapers' Company to make a grant of £1000 per annum to the School of Agriculture for a period of ten years from 5 April 1929 on condition that the University continued to maintain during that period a Chair of which the holder should be designated the Drapers Professor of Agriculture was gratefully accepted.

In 1929 an offer of the Empire Marketing Board to make a grant not exceeding £3000 to the Department of Animal Pathology for the provision of buildings for an investigation into the use of B.C.G. vaccine in the protection of calves against tuberculosis was gratefully accepted.

In 1930 a conditional offer of the Ministry of Agriculture and Fisheries of a grant not exceeding £8500 for the provision of additional accommodation at the Field Station of the Department of Animal Pathology was gratefully accepted.

ARCHAEOLOGY AND ETHNOLOGY, MUSEUM OF [*H. R.* 229]

The regulations for the Museum were amended in 1920 and 1922. The Antiquarian Committee was abolished, and the powers of the Curator enlarged. He was made responsible for the management under the direction of a committee of the Board of Archaeological and Anthropological Studies (now the Faculty Board of Archaeology and Anthropology). The Curator is appointed by the Faculty Board with the consent of the Vice-Chancellor.

By Grace of 29 November 1930 an Assistant Curatorship was established.

Curator

1922 L. C. G. Clarke, M.A., Trinity Hall. Fellow of Trinity Hall, 1929.

ARCHITECTURE, DEPARTMENT OF [*S. I. 27*]

In 1924 the School (now Department) moved to new premises at 1 Scroope Terrace, and in 1929 the need for more accommodation caused a part of Lensfield House to be taken over by the headquarters of the Department. The separation of premises proved inconvenient, and in 1930 the Department was concentrated at 1 and 2 Scroope Terrace. ♦

ARTS SCHOOL [*S. I. 27*]

The English section of the Departmental Library was transferred to Norwich Buildings, Downing Street, in 1926.

BALFOUR LIBRARY [*H. R. 235*]

In 1924 Dr Michael Foster of Trinity College presented for use in the Library the desk habitually used by Francis Maitland Balfour and presented after the latter's death to Sir Michael Foster. In the same year the Library also acquired a valuable collection of books, which formed the research library of the late Henry Roughton Hogg of Christ's College.

BIOCHEMISTRY [*H. R. 253*; *S. I. 28*]

In 1924 Sir Jeremiah Colman, Bart., gave to the University a sum of £2000 for a library for the Department.

In 1926 the Department vacated the premises in Corn Exchange Street and the part of the Balfour Laboratories, rented for them from Newnham College in 1919 by the Trustees of the Beit Memorial Research Fellowships, and occupied the new buildings provided by the Dunn Bequest.

BOTANY SCHOOL AND BOTANIC GARDEN [*H. R. 214, 245*; *S. I. 28*]

In 1924 it was decided to build within the precincts of the Garden a house for the Director. A generous contribution towards the cost of the house was made by Mr Reginald Cory.

By Grace of 6 March 1930 the office of Curator of the Botanic Garden was abolished and in his place a Director, who was to be more closely connected with botanical teaching in the University, was appointed.

Curator (subsequently Director) of the Garden

1921 H. Gilbert-Carter, M.A., Trinity, 1923.

Curator of the Herbarium

1921 H. Gilbert-Carter, M.A., Trinity, 1923.

1930 J. S. L. Gilmour, B.A., Clare.

Curator of the Museum

1924 *Vacant*.

1930 J. S. L. Gilmour, B.A., Clare.

CAVENDISH LABORATORY [*H. R.* 232, 240]

In January 1922 the sum of £687. 15s. 8d. was handed over as a gift to the library of the Cavendish Laboratory from the Rayleigh Memorial Fund. It was decided that the library should in future be known as the Rayleigh Library, and that a sum of £600 should be invested and called the Rayleigh Library Endowment Fund for Experimental Physics.

A conditional offer from the Department of Scientific and Industrial Research of sums not exceeding £2500 for five years for the endowment of magnetic research was accepted by Grace of 12 May 1928. In this connexion a conditional offer of a capital sum not exceeding £1500 for the erection of a liquid hydrogen plant was accepted by Grace of 11 May 1929.

CHEMICAL LABORATORY [*H. R.* 233, 241]

Extensions of the original Chemical Laboratory, made possible by a gift of £210,000 from the British Oil Companies, were completed in 1921. The Physical Chemical Laboratory was transferred in 1923 to the buildings formerly occupied by the Department of Mechanism and Applied Mechanics in Free School Lane.

CLASSICAL ARCHAEOLOGY, MUSEUM OF [*H. R.* 228]

A gift from Lady Sandys of about 1200 books from the library of the late Sir John Edwin Sandys was accepted by Grace of 4 November 1922.

For the present constitution of the Committee reference should be made to the current edition of the *Ordinances*.

ENGINEERING LABORATORY [*H. R.* 233, 243; *S. I.* 28]

In 1920 the building of the new laboratory was started. The sum of £25,000 towards the cost of this building was contributed by Sir Dorabji Tata. The workshop and laboratory portion of it was completed in 1922, but the building of the lecture-rooms and drawing-office block was postponed owing to lack of funds, and the workshops and some lecture-rooms in Free School Lane were retained. The building of a north wing, which will make possible the complete removal of the Department from the Free School Lane site, was begun in 1930.

ENGLISH LIBRARY

A large library of English and other literature was housed in Norwich Buildings, Downing Street, in 1926. The nucleus of the library was formed of the books of the English section of the Departmental Library (see 'Arts School,' p. 55); notable additions are the books of the late Mr A. R. Waller, Secretary of the University Press, and the books bequeathed by the late Dr A. C. Benson, Master of Magdalene College.

FITZWILLIAM MUSEUM [*H. R.* 224; *S.* 1. 29]

The Marlay Collection is housed in the extension of the Museum which was opened on 18 June 1924. A further extension (completed in 1931) was erected at the cost of Mr W. J. Courtauld, Mr S. L. Courtauld, and Miss S. R. Courtauld, who subscribed the sum of £100,000 for the purpose.

By Grace of 30 May 1924 the stipend of the Director of the Museum was raised from £1000 to £1200 per annum, the extra £200 to be charged to the Marlay Endowment Fund. In 1925 the Syndicate was empowered to appoint an Assistant Marlay Curator for a period of five years in the first instance.

Assistant Marlay Curator

1925 Jack Weatherburn Goodison, B.A., King's. M.A. 1928.

GEOGRAPHY

In 1927 the building known as the Balfour Laboratory, formerly leased by the University and lately vacated by the Department of Biochemistry, was bought from Newnham College for the Department of Geography.

LOW TEMPERATURE STATION

By Grace of 19 June 1920 an offer of the Department of Scientific and Industrial Research, under conditions specified by them, to provide the sum of approximately £22,000 for the building of a Low Temperature Station for research in bio-chemistry and bio-physics, and £8000 for its equipment, as well as to make provision for its maintenance, was accepted. The station was built on the Downing Site, and completed in 1922.

By Grace of 18 December 1926 an offer from the same Department, from funds supplied by the Empire Marketing Board, to provide the sum of £25,000 for an extension, and £5000 per annum for the next five years for consequent increase in maintenance charges, was accepted. The extension was completed in 1929.

MEDICAL SCHOOL [*H. R.* 234, 246]

The subject Medical Radiology and Electrology was assigned to the Medical School on the institution of the Diploma in 1919. Pathology, which became a Department in the Faculty of Biology 'B' under the Statutes of 1926, was transferred to a new site in 1928 (see p. 58).

In 1929 the Prime Minister (Mr Stanley Baldwin) gave the sum of £1000 to the Faculty of Medicine from a sum of money placed at his disposal by Lord Beaverbrook. The gift was to be used for the furtherance of medical knowledge.

NUTRITIONAL LABORATORY

In 1929 a conditional offer of the Medical Research Council to build, equip, and maintain a laboratory for the purposes of research work concerned with the scientific bases of medicine, and in the first instance with the physiology of animal nutrition, with a view to getting better knowledge of the fundamental principles that should guide human dietetics, was accepted.

OBSERVATORY [*H. R.* 215]

For the present constitution of the Observatory Syndicate see the current edition of the *Ordinances*.

Director

1914 Arthur Stanley Eddington, M.A., Trinity, Plumian Professor of Astronomy. Knighted 1930.

PATHOLOGICAL LABORATORY

By Graces of 18 October 1924 the offers of the late Mr E. H. Gates and of the trustees of the Rockefeller Foundation for the endowment of the Department of Pathology were accepted. A new laboratory on the Downing Site was built and equipped with funds from these benefactions, and completed in 1928. The Humphry Collection of pathological specimens, formerly housed in the Humphry Museum connected with the Medical School, has been transferred to this laboratory. (See also under 'Medical School,' p. 57.)

PARASITOLOGY, INSTITUTE OF [*S. I.* 57]

This building, known as the Molteno Institute for Research in Parasitology, was opened by Lord Buxton in 1921. A further handsome donation to the funds of the Institute was made by Mr and Mrs Molteno in 1924.

PHILOSOPHICAL LIBRARY [*H. R.* 240]

The rules governing the use of the Library will be found in the current edition of the *Ordinances*.

PHYSIOLOGICAL LABORATORY [*H. R.* 234, 247]

The sum of £200, less duty, was bequeathed to the Physiological Laboratory by the late Wilfrid Stephenson Brown, B.A., of Gonville and Caius College, Captain, R.A.M.C. In addition a sum of nearly £16,000 was contributed by the Cambridge University Association, part of which was destined for maintenance, equipment, and building of the Laboratory of Experimental Psychology. Of this sum rather more than £2000 has been invested to form a fund for further extension of the building.

PSYCHOLOGICAL LABORATORY [*H. R.* 234, 253; *S. I.* 29]

Director

1922 Frederick Charles Bartlett, M.A., St John's. (Professor of Experimental Psychology, 1931.)

SCOTT POLAR RESEARCH INSTITUTE

The Institute was founded in 1921 as a memorial to Captain R. F. Scott with a view to its being of use to future Polar explorers both in planning expeditions and working up scientific results. It is at present situated at the corner of Lensfield Road and Panton Street, and contains a museum of Polar relics and pictures and a library.

SENATE-HOUSE [*H. R.* 213]

In 1921 twenty Chippendale chairs were placed in the Senate-House from the bequest of Mrs Laura Elizabeth Stuart, widow of James Stuart, M.A., formerly Fellow of Trinity and Professor of Mechanism and Applied Mechanics.

SQUIRE LAW SCHOOL AND LIBRARY [*H. R.* 255]

The rules governing admission to, and the use of, the Library will be found in the current edition of the *Ordinances*.

STUART HOUSE

The office of the Board of Extra-mural Studies is at Stuart House, Mill Lane, which was built for the Board by the Local Examinations Syndicate and was finished in the autumn of 1926.

UNIVERSITY LIBRARY [*H. R.* 209]

The University Library now (1930) contains more than 1,125,000 volumes, including over 10,000 manuscripts, as well as upwards of 195,000 maps. There are about 3000 books printed in the fifteenth century, and upwards of 8500 printed in England before 1640.

In 1924 the Library received a notable addition to its collections in the shape of the Assyriological books belonging to the late Dr C. H. W. Johns, Master of St Catharine's College. The Lending Library of Music, previously in the Fitzwilliam Museum, was transferred to the University Library in 1925, and has since been removed to Norwich Buildings, Downing Street.

The needs of the Library for further space have been pressing for many years, and several schemes have been considered and rejected. It was finally decided in 1921 to build a new Library on a new site, and provisional plans, involving a capital sum estimated at £500,000 for building and maintenance, were prepared. In 1928 the University found itself in a position to finance half of the required sum from its own resources, and it was decided that work upon the new building should be begun. In 1929 a conditional benefaction from the International Education Board, £250,000 of which was to be for the new Library, was accepted. The conditions were fulfilled in 1930 (for particulars see p. 60), and detailed plans for the building have been submitted to the Uni-

versity. For particulars of Sir Perceval Maitland Laurence's bequest, accepted by Grace of 16 May 1930, see p. 61.

The rules for admission to, and for the use of, the Library will be found in full in the current edition of the *Ordinances*.

UNIVERSITY PRESS [*H. R.* 220; *S. I.* 29]

In 1921 the University Press celebrated the 400th anniversary of Cambridge printing.

In 1927 large additions were made to the printing works and to the secretarial offices.

BENEFACTION FROM THE INTERNATIONAL EDUCATION BOARD

In 1928 the International Education Board (founded by John D. Rockefeller, Junior) offered the University a sum not exceeding £700,000 towards the cost of a scheme, involving a capital sum of £1,179,000, for the new University Library and for developments in Agriculture, Biology, and Physics, on condition that the University should raise the remainder of the required sum within a certain time-limit. The offer was gratefully accepted by Grace of 26 January 1929.

Conditional offers from the Ministry of Agriculture and Fisheries, the Empire Marketing Board, and the Royal Agricultural Society of England, the first two of £50,000 each, and the last of £1000, towards the realization of the scheme were accepted by Grace of 19 December 1928.

On 5 June 1930 the Chancellor announced that the University was in a position to fulfil the prescribed conditions, and that the scheme could now proceed.

SIR PERCEVAL MAITLAND LAURENCE'S BEQUEST

In 1930 the University became residuary legatees of the estate of the late Sir Perceval Maitland Laurence, LL.D. Under the will it was suggested that one fifth of the income of the bequest should be applied to the equipment, maintenance, and enrichment of the University Library, and that the balance should be devoted to the promotion of the studies of Classics, Ancient History, Philosophy, and Archaeology. The residue of the estate amounted to about £150,000.

HENRY P. DAVISON SCHOLARSHIPS

Founded by the family of the late Henry P. Davison, Esq., of New York, for the purpose of giving English University men

a year's residence and study in the Universities of Harvard, Yale, and Princeton. The stipend was \$1500, in addition to which the American Universities waived their tuition fees. Each Scholar was enrolled as an undergraduate of the appropriate year in the University to which he was assigned, and might pursue any course of studies open to persons of his status.

The Scholarships were open to any undergraduate or Bachelor of Arts in actual residence, but preference was given to second-year undergraduates who intended to resume residence. The Scholars were chosen on the basis of character, scholarship, and fitness to represent the University, the selection at Cambridge being in the hands of a Committee.

These Scholarships were discontinued after the awards in 1929.

JANE ELIZA PROCTER VISITING FELLOWSHIPS

Established in 1922 by Mr William Cooper Procter, with an annual stipend of \$2000, and without charge for tuition, for residential study and investigation in the Graduate College of Princeton University.

One of the three Visiting Fellows is appointed annually by Princeton University on the recommendation of the University of Cambridge, the term of appointment being for one year, with the possibility of renewal for a second, or a third year, but in no event for more than a third year. A Visiting Fellow must be an unmarried male citizen of this country, not over thirty years of age at the time when he is first recommended. Only men who hold a degree in distinctively liberal studies, and who are considered by the University of Cambridge as of reasonably good health, high character, excellent education, and exceptional scholarly power are eligible for appointment. The purpose of the Fellowship is to provide for resident independent advanced study and investigation in the purely liberal arts and sciences, exclusive of professional, technical, or commercial subjects. To this end, the Visiting Fellows are required to give themselves wholly to such

study and investigation, and during their term of appointment are not to engage in teaching or in any other occupation for which they receive remuneration.

The recommendation of a Visiting Fellow is made by the Vice-Chancellor.

Research Students

(See *Historical Register Supplement*, 1911-20, p. 49)

In the *Supplement* for 1911-20 reference is made to the fact that in May 1920 new regulations were approved governing the admission and courses of study of Research Students, and instituting the new Degree of Doctor of Philosophy (Ph.D.). These regulations superseded the former regulations that enabled a student to obtain the B.A. Degree by research, and no further candidates for Certificates of Research were admitted after that date.

In November 1920 a Report was approved authorizing the Council of the Senate to take such steps as might be necessary to obtain a Statute for the establishment of the Degrees of Master of Letters (M.Litt.) and Master of Science (M.Sc.). The establishment of these degrees had been approved by the Senate on 10 February 1917. Detailed regulations were approved on 19 May 1922. The first Annual Report of the Board of Research Studies, published on 10 February 1921, gave details of seventy-two Research Students registered for the Ph.D. Degree: in 1930 there were over three hundred Research Students, most of whom were candidates for that degree. Although the degree was originally instituted in order to promote educational collaboration with the Universities of the Empire and foreign Universities, the proportion of Cambridge graduates entered under the scheme has risen from less than 20 per cent. in 1921 to approximately 45 per cent. in 1930.

It was at one time possible for a Research Student to take the Ph.D. Degree as a first Cambridge degree after three terms' residence only, but this possibility was removed by the Statutes of 1926. Otherwise the regulations, although considerably altered in detail, are still in principle much as they were when first approved: a feature of them is the power possessed by the Degree Committees and the Board of Research Studies of admitting exceptional students who have no University degree.

The following is a complete list of the students who received Certificates of Research in the academical years 1920-21 to 1923-24 after which time they ceased to be a qualification for a degree.

Tripos Lists

* ** Selections from the earlier order of seniority from 1498 to 1747 and the Tripos Lists in full from 1748 to 1910 will be found in the *Historical Register*. The Tripos Lists from 1911 to 1920 will be found in the *Historical Register Supplement* for those years.

An asterisk is placed *before* the names of those who have subsequently become Fellows of Colleges.

Mathematical Tripos

The mark (*b*) is attached to the names of those candidates who have satisfied the Moderators and Examiners in subjects of Schedule B. The mark (*b**) is attached to the names of those candidates who in the opinion of the Moderators and Examiners deserve special credit in subjects of Schedule B.

Modern and Medieval Languages Tripos

An asterisk is placed *before* the names of those who have subsequently become Fellows of Colleges.

(I) or (II) appended to the name of a candidate denotes that he or she has passed in Part I or in Part II. The absence of these figures denotes that he or she has passed in a Section (i.e. a combination of Parts I and II). The letters *d, f, g, d, k, p, r, s, sse* denote that a candidate has passed in Dutch, French, German, Italian, Kikuyu, Portuguese, Russian, Spanish or Swedish in Part I. These letters are appended only to the names of candidates who have passed the Oral Examination in the same language. A capital letter denotes that a candidate is placed in the First Class for proficiency in the language indicated. (II *Lit.-Hist.*) denotes that a candidate has passed in the Examination in Literature and History in Part II; (II *Phil.*) denotes that a candidate has passed in Historical and Comparative Philology in Part II. An asterisk after the subject denotes special distinction.

English Tripos

An asterisk is placed *before* the names of those who have subsequently become Fellows of Colleges.

Up to **1927** the letters *a*, *b* appended to the name of a candidate denote the Section or Sections in which he or she has passed (*a*=English Literature, Modern and Medieval; *b*=Early Literature and History). A capital letter denotes that a candidate is placed in the First Class for proficiency in that Section. An asterisk after the name denotes special distinction.

In 1927 the Tripos was reconstituted and divided into two Parts, and in **1928** an asterisk after the name in either Part denotes special distinction.

University Societies

ANTHROPOLOGICAL CLUB

The Cambridge University Anthropological Club was founded by Sir William Ridgeway in 1896. At first it was mainly composed of senior members of the University, but when Anthropology became a subject of undergraduates' study, they also were admitted, and in 1924 members of Girton and Newnham Colleges were made eligible for membership.

The Communications consist of open lectures on subjects of general interest and papers on special points read only to members of the Club. There are normally three meetings each term.

HISTORICAL SOCIETY

The Historical Society originated in a meeting of teachers of history in the University held in the Arts School on 16 May 1922. The constitution of the Society and the publication of a *Journal* were agreed on in the Michaelmas Term 1922 and the first ordinary meetings were held in the Lent Term 1923. The Regius Professor of Modern History is *ex-officio* President of the Society. The following were the original members of the Committee: J. H. Clapham, King's (Chairman), H. W. V. Temperley, Peterhouse (Editor of the *Journal*), Z. N. Brooke, Caius (Treasurer), Professor J. H. Rose, Christ's, Sir Geoffrey Butler, Corpus, E. J. Passant, Sidney, E. Wellbourne, Emmanuel, and B. L. Manning, Jesus (Secretary).

The object of the Society is to promote historical study and research, and intercourse among historical students in Cambridge. Members of the University and of Girton and Newnham Colleges are eligible for membership; graduates of other Universities are eligible for associate membership; distinguished historians not connected with the University are eligible for honorary membership. Members may introduce guests to meetings.
